Love to the Children Sends love —

Boston Sat Noon

Dear Debby — very thankful should
I be did time allow — of my
writing you a long letter — for
I realize with a very serious thing
one — but I have been sick since
I came from Worcester the other
morning & this morning I
have had so many necessary
calls to make & public business
to do that I could not until
this afternoon I go to a band
meeting &c — the first minutes
before dinner are yours —
Thursday forenoon at Worcester
the following Sabbath — to change
the first one I met the cars
very & they are cars — water
hose & foot — I write part of
length to morrow a report of
the meeting from my notes
but cannot possibly do it
now — Fitch & Towne both
like two condemned criminals
— but three days in the whole
fury of the storm deep peace
in the heart of the faithful
— Loving love yours

also Amasa Walker — Phelps
& Sinclair — Mr Brownson
family come on to-morrow &
though he is as you know
no favourite of mine I could
not deny that he testified
both positively & powerfully — he swallowed
Pearson publickly — — Then
has great excitement — Deacon
Fuller Abijah Gunson
in a long & a laboured speech
— Amos Fitch & Towne spoke
for themselves — & Jameson
followed it was <u>five</u> above
Then here I should think
nearly 70. abolitionists to vote
up in the Pews that I think
& the State is stronger than
I thought — — every where Garrison
Abolitionism is the thing
but how can tell you
all about it — Henry Bowen
up with us & stands like after
he became known I was to
stump for New Haven County
Monday — Rendall's speech
was beautiful — he is a real

brother — My dear Debora I
am not easy in my mind —
I dont like to trouble you
but I am sure that the Stocks &
Smith Just Situation with the
left alone in his glory for all
that has come & gone — Alas
Dear Anna is a Minister &
he so sadly offended at Jamison
last Speech at Rochester — Rebuke
defended the language he had
used — & left the door open to
them only as they might confess
& repent — the Sanhedrim of it is
they said they were bought —
Jamison could not stay he be
them as long as they continued
to stone by the Appeal —
& for this he is blamed by every
body but Elder Johnson — & the
"Feroeious fellows" at the office —
now I hope Jamison will be enlightened this night
but he has I am afraid Fitch & Towne
on the mind & they should have
his sympathy — I dont like this &
from this up — I dont know how
all this will come out — but I am
strongly admonished to clear
from Man — Lunatic is here
waiting for a chance to go —
Anna does better I think —
Yours in great haste

Caroline Woolson —
